

The Rubbery Egg

Did you know that you can make an egg shell soft?

Here's what you need:

- an egg
- white vinegar
- a glass.

Here's what to do:

- 1 Place the egg carefully in the glass.
- 2 Pour some vinegar into the glass, covering the egg.

- 3 Leave the egg in the vinegar for three days.
- 4 Take it out of the vinegar. Wash it in cold water.
