Name: _____ Date: _____

Can you find the imposter? Is there just one or are there many imposters? You will need to work out each question to find out whether they are imposters or not!

Which colours are the imposters?

_____

How many imposters did you find altogether? _____

2 x 9 = 18	2 x 10 = 20	2 x 6 = 14
2 x 5 = 10	2 x 7 = 14	2 x 3 = 5
2 x 4 = 6	2 x 8 = 16	2 x 12 = 24

Write three multiplying sums for someone at home with one or two imposters. Challenge them to find the imposter(s)!
