

**WALT - Draw lines and objects with a certain length in cm.**

**Draw lines and label. Get your partner to check.**

1. 4cm      2. 7cm      3. 10cm      4. 13cm

**Now draw each item. Look carefully at the length it should be.**

1. a pencil that is 6cm long
2. a snowman who is 9cm tall
3. a rocket that is 11cm long
4. a worm that is 5cm long
5. a fish that is 12cm long

**Remember -  
Use a dot at each end  
to show your distance,  
then draw your item.**

### Challenge

**Use your ruler to draw a line picture or pattern.**
