

Showing Fractions Using Halves and Quarters

Follow the instructions

1. Draw a circle. Split into halves. Colour $\frac{1}{2}$ green.
2. Draw a square. Split into quarters. Colour $\frac{3}{4}$ blue.
3. Draw a triangle. Split into halves. Colour $\frac{2}{2}$ purple.
4. Draw a circle. Split into quarters. Colour $\frac{1}{4}$ red.
5. Draw a square. Split into quarters. Colour $\frac{4}{4}$ orange.
6. Draw a circle. Split into quarters. Colour $\frac{1}{2}$ yellow.

Remember - one half is the same as two quarters.
