

Handling Data

1 The block graph shows the number of children absent from school during one week.

Colour each block on the chart a different colour.

2 Find the answers to these questions from the graph in Question 1.

a How many more children were off school on Tuesday than on Wednesday?

b On which day were the most children off school?

3 Finish off this table.

2 rubbers	3 rubbers	1 rubber	4 rubbers	5 rubbers
10p				

4 There are 21 crayons. 4 of them are red, 6 are blue, 3 are green and the remainder are pink. Put this information on the table.
