BAR CHARTS

Lunch boxes

A survey was carried out in a school of the types of fruit and flavours of crisps in the children's lunch boxes.

These graphs show the results.

- 1 Which was the most popular flavour of crisp?
- 2 How many children brought satsumas?
- 3 How many more cheese and onion crisps were brought than prawn cocktail crisps?
- 4 How many more children brought apples than bananas?
- 5 How many children brought fruit?
- 6 How many children brought crisps?
