

True or False?

False- Perimeter = $7\text{cm} + 3\text{cm} = 7\text{cm} + 3\text{cm} = 20\text{ cm}$
not 10cm

True- Perimeter = $5\text{cm} + 4\text{cm} + 5\text{cm} + 4\text{cm} = 18\text{cm}$

I know.....so.....

Perimeter = $16\text{cm} + 8\text{ cm} + 16\text{ cm} + 8\text{cm} = 48\text{cm}$

Perimeter = 40cm and length = 14 cm so breadth
= 6cm
