

Get Spinning

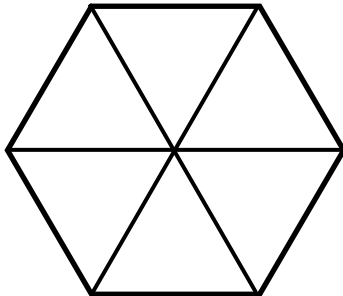

Colour each spinner so that the outcome of a spin is:

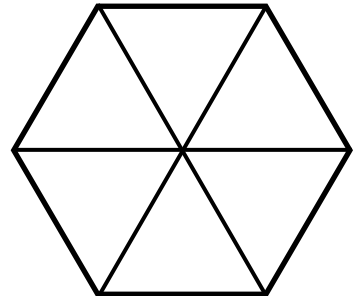

less than evens chance of pointing to yellow

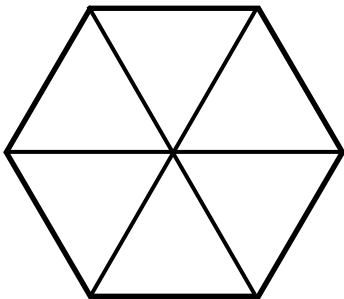

will definitely point to grey

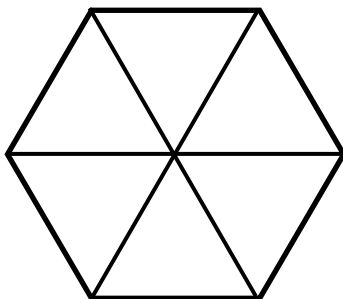

has no chance of pointing to black

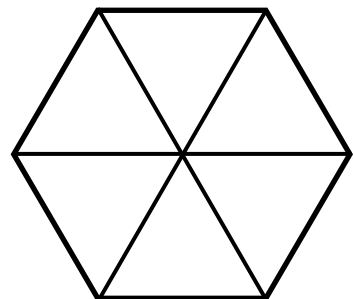

has a good chance of pointing to blue

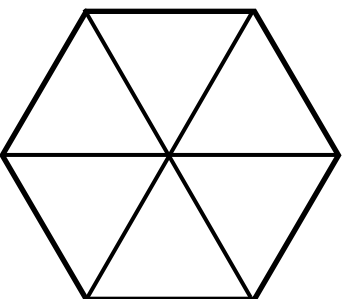

will certainly not point to green

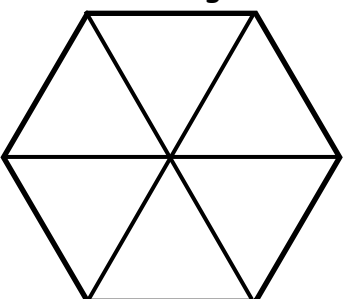

equally likely to point to blue, pink or yellow

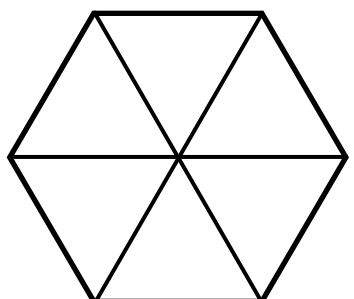

unlikely to point to brown

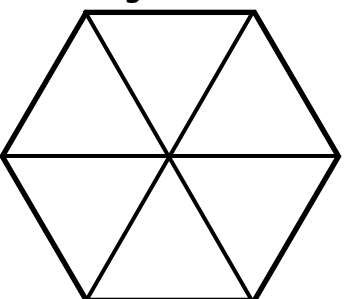

impossible to point to orange

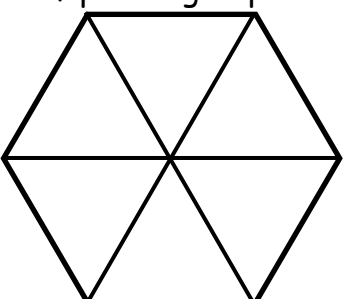

has a very poor chance of pointing to purple

not likely to point to green

has an even chance of pointing to pink

has a very good chance of pointing to red
