

Measurement 1st March 2021

For each object,

- decide which unit of measurement you will use
- decide what you will use to measure it - ruler or tape measure
- estimate its length (no cheating!)
- measure it!

Object	I will measure in cm/m	I will use a	My estimate of its length	Its actual length is
Biro pen				
Height of bedroom door				
Width of bedroom window				
Height of bathroom sink				
Width of this page				
Height of a pile of ten books				
Length of your shoe				
Width of your living room				
Height of kitchen worktop				
Width of a photo frame				
Your height				
Your hand span
