

Likelihood

Discuss each statement with your group and decide the likelihood of each event happening. Then choose the word or phrase that best describes the outcome.

likely
very likely
certain

unlikely
very unlikely
impossible

What is the likelihood?	Our decision
A helicopter will land in Asda's car park tomorrow	
A metre is shorter than a centimetre	
Next week a storm will blow the school down	
It will get dark tonight	
If you fall off your bicycle you will hurt your knee	
When you roll a die you will get a six	
Boxing Day will come before Christmas Day this year	
I will be asleep at 2 am	
If a car drives through a red light there will be a crash	
A volcano will erupt somewhere in the world this year	
Water freezes at 10°C	
I will see tigers when I go to the zoo	
A brick will float on water	
The River Lagan will dry up this year	
The Prime Minister will visit Dundonald this week	
There will be 28 days in February in 2021	
When I throw a ball into the air it will come down again	
No one in Dundonald will buy any bread today	
We will go outside today	
The P6 teachers will set home learning tasks for next week
