

Feeds

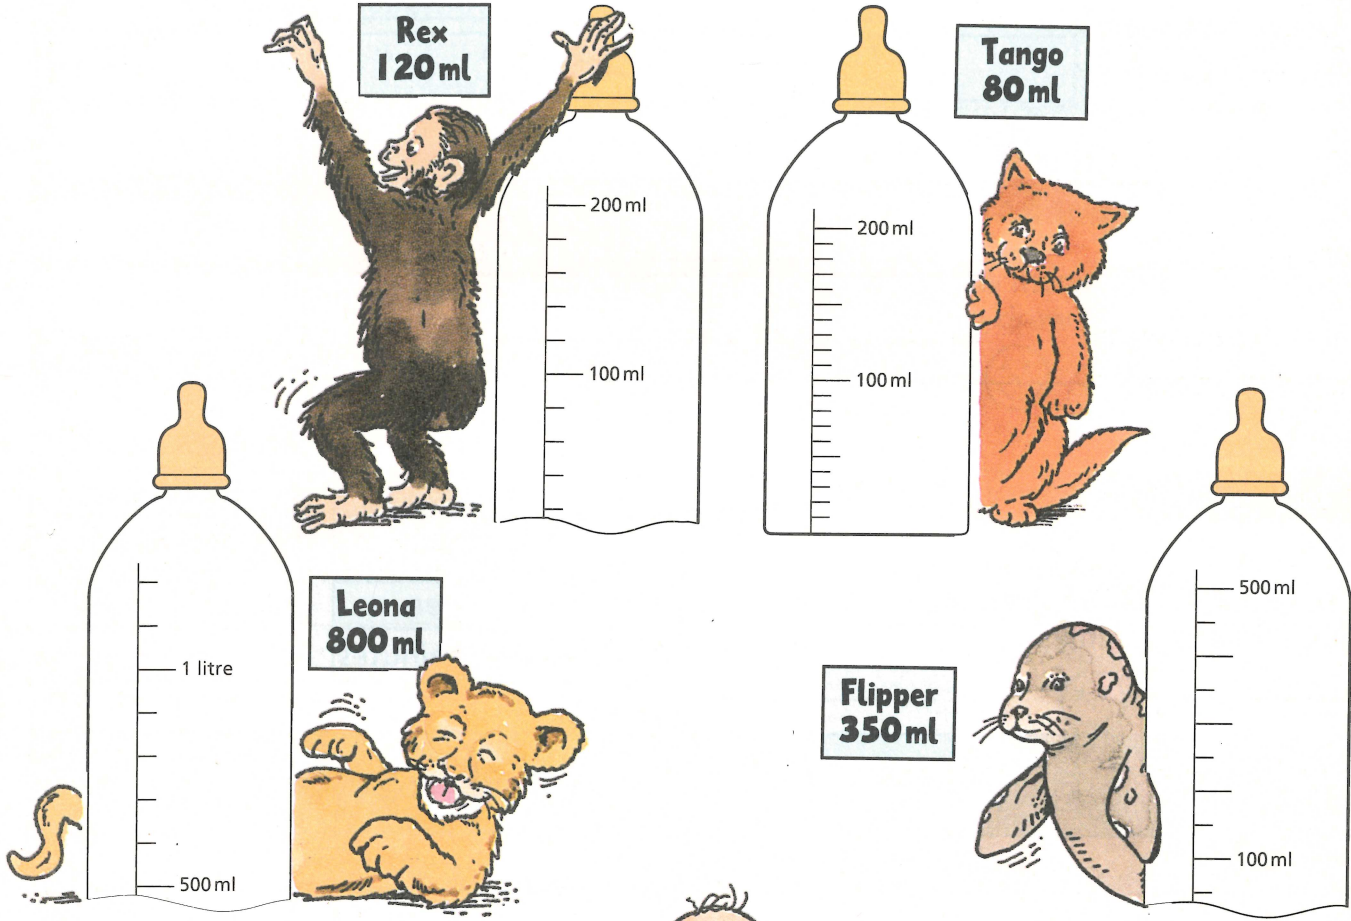

1 Complete each scale by writing a volume beside each mark.

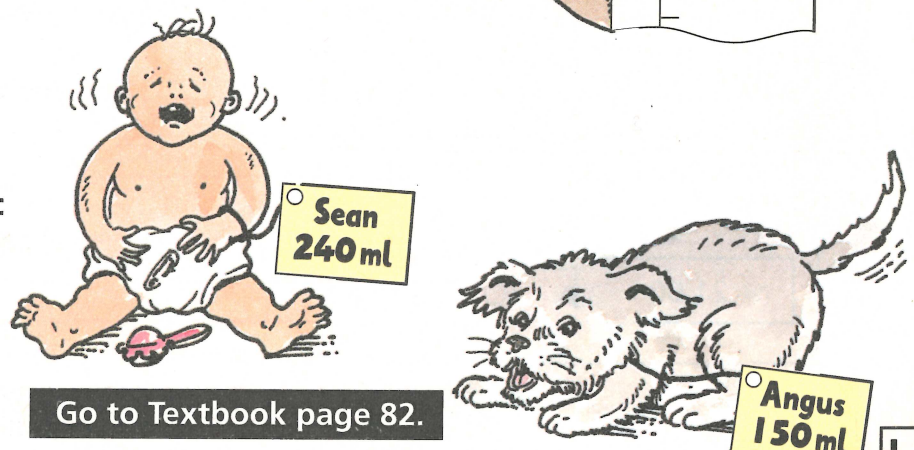

2 Colour the volumes of these ingredients on the scales in question 1.

- (a) broth: 140 ml
- (b) plant juice: 800 ml
- (c) milk: $\frac{1}{4}$ l

3 Colour the bottles to show the volume in each baby's feed.

4 Use measuring jars and water to measure out feeds for these two babies:
