

When Mr Armstrong went shopping, the shop assistant handed him 80p in change using less than seven coins.

Mr Massey says there are 10 ways to make 80p using less than seven coins.

Mrs Bell says there are 8 ways to make 80p using less than seven coins.

Mr Coetzee says that Mr Massey and Mrs Bell are both wrong!

Who is correct?

1.						
2.						
3.						
4.						
5.						
6.						
7.						
8.						
9.						
10.						
11.						
12.
