

The Number of Books read by each year group in Brooklands.

1. Miss Duggan wanted P7 to read 240 books. How many more books did Year 7 need to read?
2. What was the total number of books read by P1 and P6?
3. a. What is the sum of books read by P1 and P2?
b. How many more books did P1 read than P3?
4. What is the difference between the total of books read by P3 and P4 and the total of books read by both P5 and P6?
5. a. Did P2 read more books than the total of books read by P7 and P4?
b. What is the difference between the two totals?
6. How many fewer books did P7 read than P6?

Challenge

Who read more books- KS1 (P1 → P4) or KS2 (P5-7)? What was the difference between their totals?

How many books did the school read in total?

Mr Armstrong set a target of 2000 books to be read by the whole school. Did we make this target?
